Art Unit: 1754

Applicant has not complied with one or more conditions for receiving the benefit of an earlier filing date under 35 U.S.C. 120 as follows:

This application is claiming the benefit of a prior filed nonprovisional application under 35 U.S.C. 120, 121, or 365(c). Copendency between the current application and the prior application is required. The filing date of the instant application is August 13, 2001 which is after the date of the patented parent application of May 23, 2000. See MPEP 201.11. The first 3 lines of page 1 of the instant specification regarding priority are incorrect.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-6 are rejected under 35 U.S.C. 102(b) as being anticipated by WO 93/17959 or Dugger '305. See pp. 16-23 of WO '959 and cols. 13,14 of Dugger.

Applicant's arguments filed October 14, 2003 have been fully considered.

Applicant's arguments and amendments have overcome the 112, second paragraph rejection and the 103(a) rejection.

The 102(b) rejection is maintained since the instant application has a filing date of August 13, 2001 which was not copending with the parent application of 08/990757 when it was filed.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
